Section 1: Applicant details

Student first name *

Student last name *

Student email *

Teacher details

Teacher first name *

Teacher last name *

Teacher email *

Teacher phone number *

School details

Note: If your school does not appear in the lookup menu suggestions, please enter the school name and school location details manually.

School Name *

City / Town *

State *

Postcode *

Section 2. Student and School particulars

Please complete the following questions and provide evidence to support your responses.

Important notes:

Question 2 (School Disadvantage): This question also applies to students enrolled in distance education. The student's school must have an ICSEA percentile of 50 or below. Please include a screenshot of the school's ICSEA percentile as displayed on www.myschool.edu.au.

Question 4 (Specialist Mathematics): For students in New South Wales, we accept Mathematics Extension 1 in both Years 11 and 12. For students in Tasmania, we accept Mathematics Methods 4 in Year 11 and Mathematics Specialised in Year 12.

Question 6 (Residency): Applicants must be Australian citizens, permanent residents, or hold a visa that allows them to reside in Australia for the entire scholarship period (2027-2028).

Upload Instructions

Please include the student's name in each file name and combine supporting documents into a single file per upload per section.

You will be asked to upload the following files:

1. Sections 1 & 2: Student and School Details (Questions 2-6)
Upload one file containing all supporting evidence for Questions 2-6.
2. Section 3: Student Disadvantage Evidence (Questions 7-10)
Upload one file containing all supporting evidence for Questions 7-10.
3. Section 4: Student Statement
Upload one file containing the student's statement.
4. Section 4: School and/or Mathematics Teacher Letter of Support

Upload one file containing the School and/or Mathematics Teacher Letter of Support.

Total uploads required: 4 files.

Section 4: Student statement & Letters of support

Student statement

Tell us about your love of maths, why you want to keep studying specialist maths in years 11 and 12 and what you would like to do for a career.

Choose file No file chosen

*Upload statement as .pdf, .doc or .docx format. Please include student's name in the file name.**

School or maths teacher letter of support

Please tell us about the student, including their mathematical ability, achievements, and potential. Where relevant, describe any disadvantages experienced by the student or school, such as limited access to mathematics subjects, out-of-field mathematics teaching, or the inability to offer Specialist Mathematics (or the equivalent subjects in NSW and Tasmania).

Note: If you are providing letters of support for more than one student from your school, please rank the applicants.

Choose file No file chosen

*Upload letter of support as .pdf, .doc or .docx format. Please include student's name in the file name.**
